Our new ATREQ fitness range compliments the CENTURION clothing & equipment products to provide a one-stop-shop for coaches & players at all ages & skill levels.

Official Supplier
of Match Officials
Training and
Leisure Wear

Centurion Rugby are pleased to support registered charity LV = SOS KIT AID who do a great job of redistributing second hand and new rugby/cricket equipment and clothing for 8 to 19 years old that is no longer required by clubs or schools to those less fortunate.

The programme makes a positive and tangible impact on young people's lives by giving children of all abilities and backgrounds the chance to participate in sporting activities. It promotes social inclusion and helps protect the environment through recycling.

Since 2001 the project has sent £2m pounds worth of recycled kit to 19 emerging countries in Africa and Eastern Europe.

If you would like to donate please visit www.lvsokitaid.com

PrimoPlay LTD

Centurion House Thornhill Road, Dewsbury, WF12 9QQ UK Tel: +44 (0) 1924 466 684 Fax: +44 (0) 1924 468 614

The Centurion brand of rugby & fitness equipment has been developed over many years & provides high quality products for all ages in education & recreation, from mini rugby to international level. Design, material selection & manufacture is carried out under our quality control system & monitored to ISO9001:2008.

TOP & SUB JACKETS

- Ribbed & breathable.
- Showerproof & easy care.

GARMENT CARE

It is essential to look after your Centurion garments in accordance with the care label symbols applied.

PERFORMANCE GARMENTS

E ELAS **CT** CENTECH **O** OPTEX
A ALPINA **EC** EPICOOOL **S** SPARTECH

All match play items, wet or dry, should be washed as soon as possible after wear.

The longer mud and stains are left unwashed - the harder they are to remove.

In case of heavy mud and stains - leave the garments to soak, at the recommended temperature, and using a good quality detergent.

Use a pre wash cycle to further soak these pre-wash - if necessary use a stain remover but never use bleach.

Wash according to the care label symbols.

As most of our performance items are made of technical fabrics - they are best natural line or hanger dried but most can also be tumble dried at the correct temperature. Ensure to machine dry in accordance with the care label.

LEISURE GARMENTS > TECHNICAL FABRICS

MK MIKRO **H** HAVANA **R** RIPSTOP

Always follow care label symbols.

Close all pockets and zips and ensure collar, cuffs, pockets and flaps are flat. Turn inside out to avoid abrasion on face of the garments.

Always ensure not to mix garments of different colours.

Ensure you follow the loading weight for the machine you use and get maximum water flow.

Most of our outerwear fabrics are easy care and once the garment is correctly washed we suggest natural drying - simply hang the garment and smooth out.

In case of any resistant stains treat in advance of wash with undiluted detergent or stain remover.

LEISURE GARMENTS > COTTON FABRICS

P PICQUE **T** TOPCOT **CF** COMFEX

Always follow the temperature and care instructions on label.

Do not tumble dry ANY cotton items.

Best to remove immediately after wash and shape the garment and natural line or hang dry.

IRONING

Always follow the heat setting recommendation on care label.

Do not directly iron onto printed face of garments.

Always iron on reverse side.

If ironing technical fabrics, iron on reverse or face only with a damp cover cloth to avoid shining or pressure marks - a steam iron is beneficial.

Igloo delivers cold, clean water. Perfect for the dressing room or pitchside. Rugged, durable Igloo 400 Series Industrial Strength Water Coolers keep water cold, clean and available. Built for the Real World® the 400 Series takes the abuse of the toughest job site and the most punishing work crews.

Features:

- HDPE hide won't chip, peel, buckle or rust.
- Ultratherm insulation for maximum cold retention.
- UV stabilizers prevent fading, cracking in all exposures.
- White FDA Grade inner liner is easy to clean and resists stains & odours.
- Wide mouth pressure fit lid for easy filling.
- Keeper cord prevents lid loss.
- Reinforced handles and cup dispenser bracket.
- "Drinking Water" imprint meets OSHA requirements.
- Available in 3 sizes.

WHEELICOOL COOLER BOX

KOL023
Non distribué en France

Roll out the Wheelicool Cooler Box to the training pitch or match touchline.

Features:

- Convenient 38-quart size.
- Unique Igloo attached/detachable lid.
- Tow handle plus carry handles.
- Size 55 long x 33 wide x 38cm high.
- Durable all-terrain wheels.
- Exclusive ultratherm insulation fills the body.
- Capacity 38 litres.

DOMINANT CONTACT

Patented Design Used by World Champion Springboks International Patent: Pending No PCT/GB2008/003448

The very latest evolution in contact training equipment!

Practice multiple contested tackle areas and train "live" breakdown technique skills without exposing players to body contact.

The Dominant Contact range will specifically train players to:

- Create turnovers at the tackle.
- Generate fast ruck-ball.
- Eliminate the Jackler.
- Improve counter rucking.
- Pass the ball from congested areas.
- Offload the ball in contact.
- Practice good body position.
- Stay on their feet in contact.
- Remove ruck traffic.
- Carry out contact conditioning.
- Slow down opposition ball.
- Improve decision making in contact.
- Field high balls in contact.
- Reduce the risk of injury.
- Perfect ball presentation techniques.

IMPORTANT NOTE

SHIELDS AND PADS are constructed from heavy duty PVC covers with foam inners, which have been designed to absorb maximum impact.

The design and positioning of the handles allows the holder of the Dominant Contact equipment to be offensive in contact and offer realistic opposition.

DOMINANT CONTACT DC100 SHIELD

RDC100
199.00 €

- Clearing techniques.
- Ball presentation.
- Counter-rucking.
- Decision making.
- Exploit hard & soft shoulders.

DOMINANT CONTACT DC300 SHIELD

RDC300
329.00 €

- Defensive tackle to develop Dynamic Tackling Technique.
- Dynamic ruck ball & Contesting the ball in the Tackle (Jackal).
- Encourage players to stay on their feet.
- Coach players to get back on their feet.

DOMINANT CONTACT DC200 SHIELD

RDC200
239.00 €

- Clearing techniques.
- Counter-rucking.
- Low body angle conditioning.
- Continuity in the contact area.
- Off load in contact area.

CENTURION BREASTPLATE

RUG121
90.00 €

Specially designed to allow high impact to be absorbed in heavy tackling situations where the opponent aims to dislodge the ball.

- Unique shape allows running motions to be unaffected.
- Made from heavy duty PVC and premium quality high density foam.
- Elasticated rear straps for comfort.
- One size fits all.
- 100mm thick.
- Size 60cm x 50cm.

CENTURION TACKLE TUBE

MEDIUM
(age 11-15)
1050mm
RUG071
279.00 €

SMALL
(age 6-10)
950mm
RUG070
245.00 €

A moving target to improve tackling technique with total safety! Roll the tube at speeds and angles to suit all levels for dynamic tackling practice.

- **REALISTIC**
Players must accurately judge distance, speed, impact and timing when tackling a moving object.
- **BETTER TECHNIQUE**
Players must get low, keep their head up, back straight, eyes on the target and wrap the arms in contact with the head correctly positioned.
- **AGILITY & FITNESS BONUS**
Chasing a moving target adds footwork, agility, reactions and speed to the training mix, making for game style intensity.
- **TARGET ALL TACKLES**
Front on, side on, behind.
- **FUN AND SAFE**
Players and coaches of all ages will enjoy dynamic tackling practice. Control the speed to suit the players age and ability, start with slow speeds and progress to realistic running speeds as skills improve.
- **SAFE CONSTRUCTION**
Constructed of an inflatable tube and heavy-duty flexible PVC cover. Easily inflated for training and deflated for storage and transport.

TACKLE TUBE

TACKLE BAGS

Constructed from heavy duty PVC covers with solid foam cores, the design of these bags has been developed after many years of change & improvement. Fitted with webbing handles at top and bottom to allow easy handling to and from store.

TACKLE-TECH PADS

TACKLE-TECH JAMMER PAD

RUG036
145.00 €

This multi purpose pad can be used for tackle technique and ball carrier contact drills. The unique shape of this pad allows it to fit around the holder while maintaining a strong positive body angle/lean in all contact situations that provides the maximum amount of resistance to players working on the pad.

- Colour coded contact zones:
 - Green Lip of Pad simulates the ball.
 - Red Zone is a tackle underneath the ball.
- The contact zones can be used as targets for players to aim at for leg drive drills and also play the ball drills.
- Lightweight and versatile.
- Has a controlling strap across the top of the pad, which will allow the pad holder to raise or lower the angle or height of the pad to suit the individual or drill.

CATCHPAD

RUG039
135.00 €

With the need for jumping and remaining airborne as long as possible for catching balls in game situations, this pad will help improve players technique & hang time. This Centurion innovation was developed in conjunction with super league team Huddersfield Giants.

- Comfortable adjustable fit.
- Helps increase hang time.
- Aids jumping technique, Co-ordination and balance.
- Allows coaches to teach players the technique of using opposition players bodies to their advantage.

TACKLE-TECH SHIELD

TACKLE-TECH SHIELD

SENIOR
RUG037
169.00 €

JUNIOR
RUG038
145.00 €

The Tackle-Tech pad is designed specifically and uniquely for the development of correct tackling technique.

Training players to improve their ability to develop a good solid powerful body positioning when making tackles, producing a tackling technique that is strong, powerful, effective, efficient and also safe.

The Tackle-Tech pad develops:

- Powerful body position - straightback, correct hip and knee angles vital for generating power.
- Dip and hit technique.
- Close in footwork - the tackler has to get in close to the pad to tackle it correctly.
- Head positioning.
- Shoulder contact.
- Target area.
- Coaches can identify good and bad technique far more easily.
- Safety.

IMPORTANT NOTE

SHIELDS AND PADS are constructed from heavy duty PVC covers with foam inners, which have been designed to absorb maximum impact.

133kg per set.

Specification as per hinged aluminium, but without the hinged adaptors. Designed so that posts drop directly into the sockets.

HINGED POST ASSEMBLY ROLLER

HAR030
5kg EACH

The Hinged Post Assembly Roller allows users to safely erect and dismantle a set of hinged posts in a controlled manner.

Designed to be mounted onto an appropriate tractor roll bar using two heavy duty 'U' bolt brackets. The upright rolls along the device allowing easy installation and dismantling in a controlled manner before being lifted off by a suitable number of persons (the tractor must ideally be fitted with an angled or adjustable roll bar, brackets will fit up to a 76mm square bar).

- A minimum of two people should always oversee the safe erection or dismantling of the rugby posts.
- Never allow the tractor's speed to exceed walking pace; we recommend that the tractor moves no faster than 3mph.
- The hinged post assembly roller is manufactured from zinc plated steel.
- Fitted with a rubber roller, a quick release webbed safety strap and two 'U' bolt brackets.
- The device is designed for use with hinged uprights only, we do not recommend the use of the hinged post assembly roller on socketed uprights.

SCRUM MACHINE

RUG091
4299.00 €

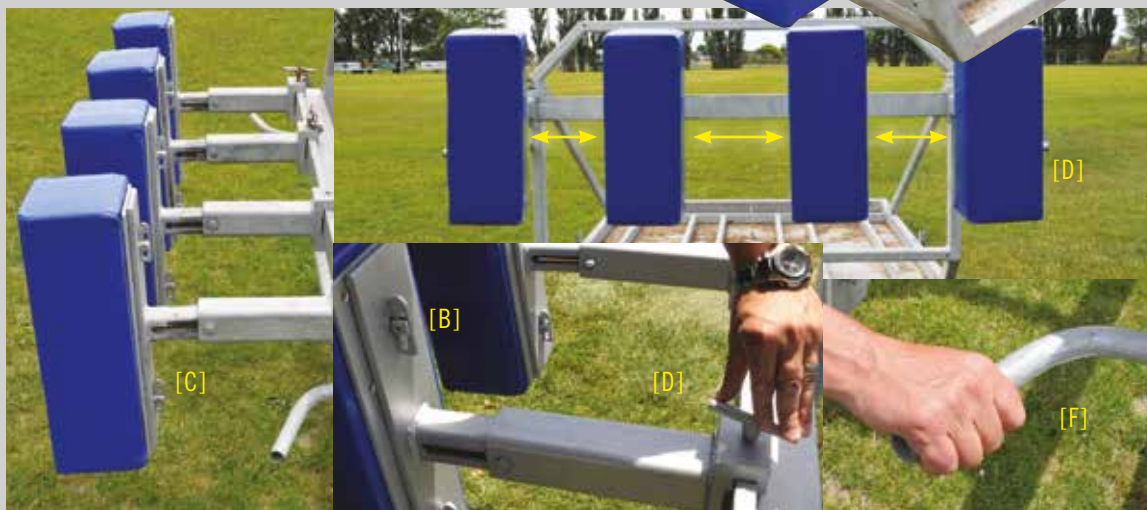

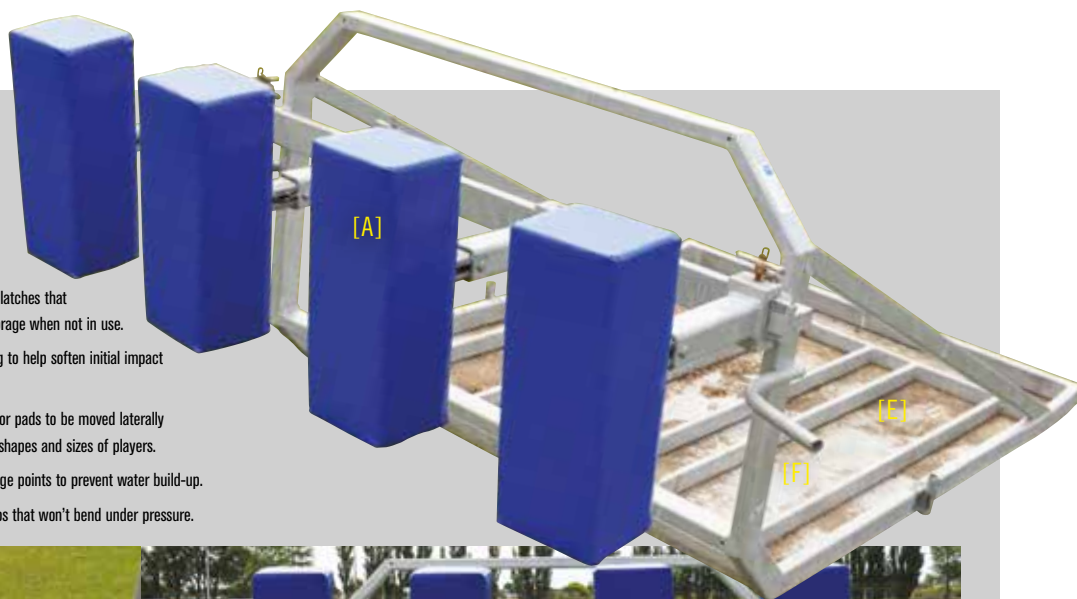

Galvanised steel construction.
Developed in New Zealand.

Key Features include:

- [A] Pads made with heavy duty PVC covers and solid foam inner to reduce impact and limit recoil.
- [B] Pads are attached with trailer latches that allow for easy removal and storage when not in use.
- [C] All pads are individually sprung to help soften initial impact and provide even resistance.
- [D] Quick release pins that allow for pads to be moved laterally to accommodate for different shapes and sizes of players.
- [E] Smooth metal tray with drainage points to prevent water build-up.
- [F] Solid galvanised steel handgrips that won't bend under pressure.

This product is made to order and subject to additional freight charges depending on location.

SCRUM MACHINES

ONE OR TWO MAN SCRUM SLED

RUG092
2799.00 €

Ne comprend pas le bidon

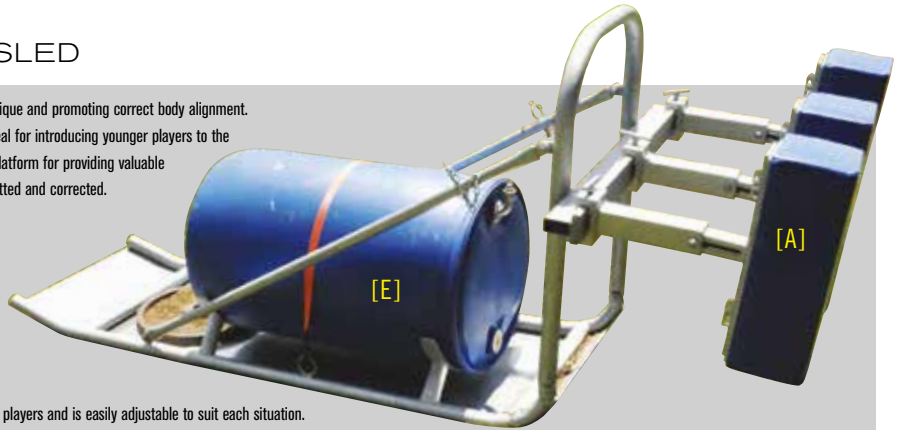

This product is made to order and subject to additional freight charges depending on location.

Scrum sleds are a great tool for developing leg-drive technique and promoting correct body alignment. Because of their reduced weight and size, they are also ideal for introducing younger players to the front-row environment and give coaching staff a suitable platform for providing valuable one-on-one tuition where poor technique can easily be spotted and corrected.

Galvanised steel construction. Developed in New Zealand.

Key features include:

- [A] Pads are made with heavy duty PVC covers and solid foam inners to reduce impact and limit recoil.
- [B] Pads are attached with trailer latches that allow for easy removal and storage when not in use.
- [C] Sled is supplied with 3 pads to accommodate 1 or 2 players and is easily adjustable to suit each situation.
- [D] Angle of the pads can be adjusted to dictate higher or lower body position.
- [E] Sled can be weighed down with a ballast or another player to increase load and resistance.

Each OPROshield is packaged in its own mouthguard container with mini CD fitting instructions.

The world's largest supplier of custom mouthguards, all OPROshield™ models introduce the patented OPROfin™ retention system which gives the OPROshield™ the best retention (fit) performance of any self-fit mouthguard in the world.

The highly technological cross-sectional profile present in all the range means maximum protection against front and concussive blows whilst keeping the palate clear for improved breathing and speech.

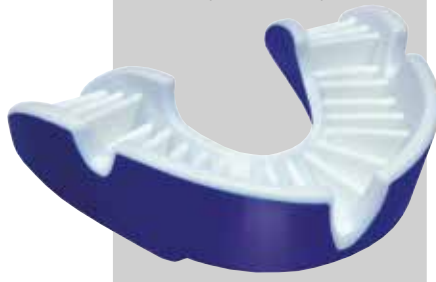

No-one can afford to take part in contact sports without dental protection.

49.00 €

The new authoritative guide to rugby fitness training. Written by New Zealand's most respected and successful professional rugby trainer and featuring superstar Tana Umaga this book gives you all you need to know to stay ahead of the pack! This easy to follow book is stacked full of clear photographic exercises with specific guidelines on fitness testing, strength, speed, power, endurance, cross training, flexibility, nutrition. The comprehensive planning guidelines offer direction for beginner, intermediate, and advanced fitness levels making this book essential reading for players and coaches of all levels!

**STRENGTH
BALL TRAINING**INS001
42.50 €

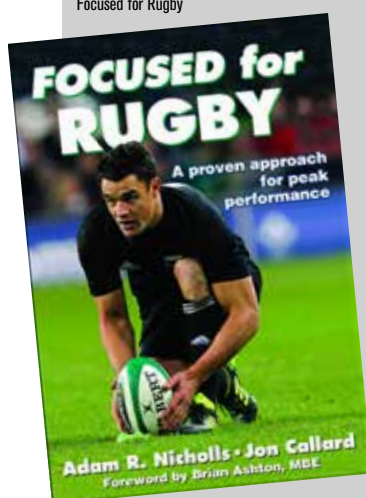

69 Exercises using Swiss and Medicine Balls. Written by strength and conditioning experts, strength ball training is your complete guide to using Swiss and Medicine Balls. The book describes how to incorporate the balls into a program, and provides hundreds of exercise variations to make training fun and interesting.

**COMPLETE CONDITIONING
FOR RUGBY**INS020
59.00 €

Modern rugby requires you to have speed, strength, agility, endurance, and power in order to excel. Few sports demand such diverse physical attributes, and no book so comprehensively addresses how to develop them specifically for the sport – until now! Complete Conditioning for Rugby features first-hand insights from Dan Luger, England rugby star. Luger teams up with leading strength and conditioning coach Paul Pook to provide the very best in conditioning know-how. They present more than 120 position-specific drills and exercises that will help you excel in any match situation.

FOCUSED FOR RUGBYINS023
44.50 €

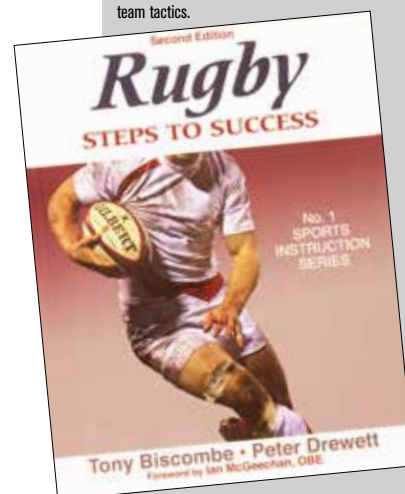

To be a complete rugby player, you must master both the physical and mental skills of the game. You must be prepared, committed and determined to succeed. You must be focused – Focused for Rugby

**RUGBY:
STEPS TO SUCCESS**INS022
44.50 €

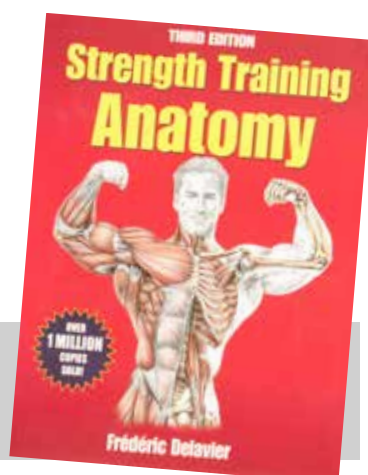

Rugby: Steps to Success is loaded with all the fundamentals, position-specific techniques, and key tactics needed to be a winner in rugby union competition. Authors from England's Rugby Football Union provide the expert instruction and special insights for getting an edge on an opponent. This complete instructional book includes sections covering:

- ball handling, passing, and receiving;
- kicking;
- tackling and contact;
- player positions-front five, middle five, and back five; and
- tactics and strategies.

With its 73 drills and 176 illustrations, Rugby: Steps to Success is the sport's perfect practice and learning tool. Step-by-step, players will develop and refine basic individual skills, then move on to execute intermediate-level team tactics.

**STRENGTH TRAINING
ANATOMY BOOK**INS002
49.00 €

An illustrated guide to 111 exercises. If you're looking for more than a standard strength training book, Strength Training Anatomy is for you. It's an excellent Anatomical Reference for every fitness and strength training enthusiast and professional.

BRADFORD BULLS CONTACT ROOM INSTALLED BY CENTURION RUGBY

The dojo is the ideal training base for all martial arts, wrestling and practicing tackling drills by providing a safe area to prevent unnecessary injury to players. We have installed Training rooms and Dojos for HMPS and UK Police forces around the UK, and are approved suppliers. Our installation team can undertake all padding requirements including walls, doors, columns and posts in a range of different colours from our stock PVC colours. Advertising branding can also be added if required. Floor mats can be selected from Tatami or standard PVC topped mats, Jigsaw linked lightweight mats or carpet topped mats. All manufacture is carried out under our quality control system and monitored to ISO9001:2000.
